

## INCLEMENT WEATHER POLICY

In the event there is weather that makes travel to the office of Restoration Place Counseling unsafe and/or if a power outage makes telehealth impossible, clients may cancel their sessions without the 24-hour policy going into effect. Clients scheduled for an in-person session should reach out to their counselor directly if desiring to switch to telehealth. To ensure messages make it directly to your counselor, please email or leave a message on their direct extension, listed below. We cannot guarantee that a message left on the main extension will reach a counselor promptly during inclement weather.
